Treatment and Financial Policies

Please make sure to:

--Eat a little something before the session, as acupuncture is not recommended on an empty stomach.

--Wear loose, comfortable clothing with sleeves and pants that can be rolled up.

--Turn off your cell phone. Relaxation is an important part of the process.

Treatments are \$90 and I will be happy to provide treatments to friends or family at the same time and location for \$75 each. I do not file insurance claims or have any communication with insurance companies, but I will provide a receipt for that purpose on request. Payment in full is due at the time of treatment.

Cancellation Policy: Any appointments that are rescheduled or cancelled with less than 24 hours advance notice, or missed without notice, may be charged the regular fee.

Thanks for your help and understanding in making it possible for me to offer affordable acupuncture to my community.
